

Expectations for School Visitors

Effective Date August 4, 2023

Policy Statement and Purpose

The District of Columbia Public Schools (DCPS) envisions a world where every student feels loved, challenged, and prepared to positively influence society and thrive in life. Our mission is to ensure that all schools guarantee students reach their full potential through rigorous and joyful learning experiences provided in a nurturing environment. DCPS is proud to prioritize building relationships with families, community members, and strategic partners to accelerate achievement for all DCPS students. DCPS strives to become a district of both excellence and equity and a place where every family feels welcome and every child is given the opportunities and support they need to thrive.

In support of this mission, DCPS works to promote safe and positive school environments for all students and staff. The purpose of this document is to establish conduct expectations for all parents, guardians, volunteers, and other visitors to DCPS schools. These expectations apply to all individuals while on school property and at DCPS events.
